

Helping connect you to medical & social services needed for a healthy life.

A free program available to anyone in Montgomery & Clark Counties.

What is the Pathways HUB?

The **Dayton Regional Pathways HUB** is a free program to help connect people to medical and social services they and their loved ones need most. Every Pathways HUB participant partners with a community health worker to empower them to make decisions regarding their health and well-being. A community health worker connects them to resources and services to manage risks one by one, allowing the participant to take charge and achieve a healthier life.

We can help!

You can take advantage of this free program.

As a participant, you will be partnered with a community health worker who will support and connect you to local resources to improve your quality of life.

Your pathway to wellness.

1

Enroll

Call the Pathways HUB at 937.424.2372 or email us at daytonhub@gdaha.org to get started.

2

Assess

You will be partnered with a community health worker to identify the areas you need help with the most.

3

Plan

Together, you will create a plan specific to you and your family's needs, creating pathways to health coverage, food, housing, transportation, and more.

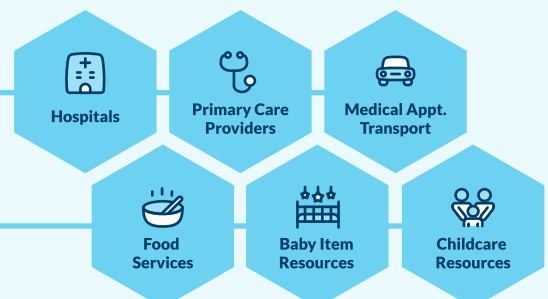

4

Meet

You and your community health worker meet at least once a month and continue to address your priorities, one step at a time.
